

Approval Proforma for a Higher Degree by Research Project

Each university supervisor of a DET CRC-supported student is responsible for completion of this Proforma, and responsible for student selection for the approved project.

1. After student selection and confirmation of any requested additional university sponsorship, the proforma is completed and approved as shown by the sequence summarised at the bottom of the form.
2. Each university supervisor is responsible for maintaining the proforma and advising E & T Committee Chair of progress of the student (or any significant interruptions to the student's progress) in order to maintain DET CRC student register.
3. On commencement, students will be required to sign the DET CRC Student Commencement Form.

<p>Supervision. Only the principal supervisor need sign this form, but the names of all supervisors are required on the Student Commencement Form. The CRC Program encourages end-user, i.e. industry or survey, supervision of PhD students. Please consider whether an end-user supervisor could beneficially add to the supervisory team for this project and if so have an end-user supervisor in place by project commencement.</p>
