

# DRILLING TECHNOLOGY DEMONSTRATIONS

Wednesday 13 September 2017

Brukunga Drilling Research & Training Facility

9.30AM – 11.30AM

**Diamond Drilling with  
DET CRC Technologies**

- Drilling Ahead with the Wireless Sub
- Drilling Ahead with the AutoShuttle Logging-While-Drilling
- Sampling Cuttings and Lab-at-Rig® Analysis
- Pulling the Rods and AutoSonde Logging-While-Tripping

12NOON – 1.30PM

**Coiled Tubing Drilling  
with the RoXplorer® Rig**

- CTrol™ Drilling Fluid and the Flow Circuit
- Cuttings Sampling System
- Lab-at-Rig® for CT Drilling (dewatering, drying, comminution, pressing and analysing)
- Downhole Sensors for CT Drilling

---

But, Mousie, thou  
art no thy-lane

In proving foresight  
may be vain

The best-laid schemes  
o' mice an' men

Gang aft agley

An' lea'e us nought  
but grief an' pain

For promis'd joy!
